Time: 3 Hours

Total Marks: 250

QUESTION PAPER SPECIFIC INSTRUCTIONS

Please read each or the following instructions carefully before attempting questions.

There are **TWENTY** questions printed in HINDI and in ENGLISH.

All questions are compulsory

The number of marks carried by a question is indicated against it

Answers must be written in the medium authorized in the Admission Certificate which must stated clearly on the cover of this Question-cum-Answer (QCA) Booklet in the space provided. No marks will be given for answers written in a medium other than the authorizaj one.

Word limit in questions, wehrever specified, should be adhered to.

Any page or portion of the page left blank in the Question-cum-Answer booklet must be clearly struck off.

Answer *all* the questions in NOT MORE than 200 words each. Contents of the answers are more important than their length. All questions carry equal marks: $12\frac{1}{2} \times 20 = 250$

1. Normally countries shift from agriculture to industry and then later too services, but India shifted directly from agriculture to services. What are the reasons for the huge growth of services vis-à-vis industry in the country? Can India become a developed country without a strong industrial base?
2. "While we flaunt India's demographic dividend, we ignore the dropping rates of employability." What are we missing while doing so? Where will the jobs that India desperately needs come from? Explain
3. There is also a point of view that Agricultural Produce Market Committees (APMCs) set up under State Acts have not only impeded the development of agriculture but also have been the cause of food inflation in India. Critically examine.
4. "In the villages itself no form of credit organization will be suitable except the cooperative society" - All India Rural Credit Survey.
5. The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 has come into effect from 1st January 2014. What are the key issues which would get addressed with the Act in place? What implications would it have on industrialization and agriculture in India?
6. Capitalism has guided the world economy to unprecedented prosperity. However, it often encourages short-sightedness and contributes to wide disparities between the rich and the poor. In this light, would it be correct to believe and adopt and adopt capitalism for bringing inclusive growth in India? Discuss.
7. Explain how Private Public Partnership arrangements, in long gestation infrastructure projects, can transfer unsustainable liabilities to the future. What arrangements need to be put in place to ensure that successive generation's capacities are not compromised?
8. National Urban Transport Policy emphasises on 'moving people' instead of „moving vehicles'. Discuss critically the success of the various strategies of the Government in this regard.
9. Foreign Direct Investment (FDI) in the defence sector is now set to be liberalized. What influence this is

- expected to have on Indian defence and economy in the short run and long run?
10. .Scientific research in Indian universities is declining, because a career in science is not as attractive as business professions, engineering or administration, and the universities are becoming consumer-oriented. Critically comment.
 11. Can overuse and free availability of antibiotics without Doctor's prescription, be contributors to the emergence of drug-resistant diseases in India? What are the available mechanisms for monitoring and control? Critically discuss the various issues involved.
 12. In a globalized world, Intellectual Property Rights assume significance and are a source of litigation. Broadly distinguish between the terms- Copyrights, Patents and Trade Secrets
 13. Should the pursuit of carbon credits and clean development mechanisms set up under UNFCCC be maintained even though there has been massive slide in the value of a carbon credit? Discuss with respect to India's energy needs for economic growth.
 14. Drought has been recognized as a disaster in view of its spatial expanse, temporal duration, slow onset and lasting effects on vulnerable sections. With a focus on the September 2010 guidelines from the National Disaster Management Authority (NDMA), discuss the mechanisms for preparedness to deal with likely El Nino and La Nina fallouts in India
 15. Environmental Impact Assessment studies are increasingly undertaken before a project is cleared by the Government. Discuss the environmental impacts of coal-fired thermal plants at coal pitheads.
 16. "The diverse nature of India as a multi-religious and multi-ethnic society is not immune to the impact of radicalism which is seen in her neighbourhood." Discuss along with strategies to be adopted to counter this environment.
 17. International civil aviation laws provide all countries complete and exclusive sovereignty over the airspace above their territory. What do you understand by 'airspace'? What are the implications of these laws on the space above this airspace? Discuss the challenges which this poses and suggest ways to contain the threat.
 18. How does illegal transborder migration pose a threat to India's security? Discuss the strategies to curb this, bringing out the factors which give impetus to such migration.
 19. In 2012, the longitudinal marking for high-risk areas for piracy was moved from 65 degrees east to 78 degrees east in the Arabian Sea by the International Maritime Organization. What impact does this have on India's maritime security concerns?
 20. China and Pakistan have entered into an agreement for development of an economic corridor. What threat does this pose for India's security? Critically examine.
